Video HD cable is optional (code M-CHDMI18). Playback of 1080p FULLHD TV will only be possible if the movie was created in high resolution (1080p). In any case the result of the video playback may be affected by the quality of the playback source or by the speed and condition of the network to which you are connected. To read books under ePub format use the Ebook reader function included.

¹ The available memory will be less than the total reported on the box, because the operating system uses a part of it.

Application images show are just for reference. *Product image are for reference purpose only

*Stylish flip case (optional)
Available in 3 colors:
